Revised Suggestion of Interference

SIR:

On April 15, 2009, the Office issued a Notice of Allowance. But Applicants' Suggestion of Interference, filed on December 21, 2004, remains pending. With this paper, Applicants respectfully renew their request for consideration of Applicants' Suggestion of Interference. Also with this paper, Applicants amend their Suggestion of Interference to account for developments that have occurred since December 21, 2004.

Since December 21, 2004, patent applications containing interfering subject matter have issued as U.S. Patents and the Board issued its decision in this case. These developments affect the precise scope of the interfering subject matter, as described in this Revised Suggestion of Interference.

Remarks begin on page 2 of this paper.

Conclusion begins on page 36.
